To Whom It May Concern

I am writing with great enthusiasm to recommend Dr. Hassan Rezapour for any academic teaching or faculty position. I have had the privilege of knowing Dr. Rezapour for several years and have witnessed his exceptional dedication to education, both in theory and in practice.

Dr. Rezapour brings a rare blend of deep mathematical insight and a genuine passion for teaching. His teaching experience spans over a decade across various universities, where he has taught a wide range of undergraduate and graduate courses, including Calculus, Probability and Statistics, Differential Equations, Graph Theory, and Optimization Techniques. His clarity of instruction, structured delivery, and engaging approach make him highly effective in the classroom. I am certain that he has the ability to make complex material understandable and relatable.

Beyond the classroom, Dr. Rezapour is a great researcher who has developed original ideas. His academic maturity, professional attitude, and sincere commitment to learning and doing innovative research make him an ideal collaborator and educator.

I am confident that Dr. Rezapour will be an invaluable asset to any academic institution. Please feel free to contact me for any further information. Sincerely,

Ahmad Mousavi
Assistant Professor
Department of Mathematics and Statistics
American University
